CUTTING BOARD COUNTERTOP & SERVING TRAY

Green-Board-Natural is a recycled product that is designed to be earth-friendly, durable, renewable and beautiful. It is a solid "color through" material with no laminate or surface veneer. If the surface were to get marred or scratched, it can be rejuvenated to like new condition by sanding. Green-Board-Natural is 100% made in the USA with 100% FSC certified wood fibre. Green-Board is a thermally fused material comprised of multiple sheets of FSC Certified (Forest Stewardship Council) kraft fibre paper. These kraft papers can be virgin or 100% re-cycled.

MULTI USE UNIT

SERVING TRAY

With the cutting board inverted, the unit transforms into a serving tray. Portability made easy by its large oval handles. When flipped over, the serving tray returns to working space or cutting board over top of the Wallas Blower lid.

SAFETY FIRST

Your Cutting board tray is never to be placed directly over or on the cooking surface. It is intended for use over the Wallas Blower lid. Always have the Wallas Blower lid in the down or closed position when using your cutting board tray over the cooking surface.

CUTTING BOARD

Countertop Cutting board adds working space to your galley while utilizing the space over your Wallas Blower lid. Countertop, Cutting Board, Serving Tray is constructed from Green-Board.

ADD WORKING SPACE TO YOUR GALLEY

Cutting Board, tray is in cutting board position with Wallas lid down, cook top may be off or in heating mode

Wallas lid down in heating mode or off, a loss of valuable counter space in the galley

Cooking mode, the Wallas cook top at work

The counter top cutting board tray is about to be lowered over the lid to provide a working surface

The counter top, cutting board tray is ready to provide valuable working surface in the galley. The cook top may be off or in the heating mode

Do not leave the cutting board tray over the cook top while in heating mode for extended lengths of time or unattended.

Thank you for choosing our product, we appreciate your business. Comox Marine and Woodworking, Comox, BC, Canada.

ABOUT YOUR PRODUCT

Your Countertop Cutting Board is handmade on Vancouver Island on the west coast of Canada. Our team of dedicated craftsmen work hard to supply you with a premium product that will give you years of service. We have finished your cutting board with Clapham's Beeswax Salad Bowl Finish which is available at most woodworking stores and online. As your cutting surface becomes worn it may be lightly sanded and re waxed as needed. The cutting board tray is an after market accessory for use over the Wallace Blower lid, it is independently manufactured and marketed by Comox Marine and Woodworking. We have designed the Countertop Cutting Board to fit over most Wallace Blower lids. Before ordering, please make sure. The inside dimensions of the Countertop Cutting Board tray are 2.25" deep x 14" wide x 18.75" long.

OUR ENVIRONMENTAL CONTRIBUTION

Our durable products environmentally sound, using recycled materials. We also do our best to keep packaging to a bare minimum. If at all possible, please make sure to recycle our re-usable, re-sealable plastic bag once you are done.

WE THINK SAFETY FIRST

Please beware of small children using or gaining access to this packaging. The bag is not a toy and should be played with. This is a warning. Please keep away from small children to avoid hazardous outcomes.
